Welcome!

With chaos in Venezuela, starvation in Yemen, fire devastation in California, and ongoing Ebola outbreaks in Democratic Republic of the Congo, many people around the world live in the midst of turmoil. Healthcare professionals like you have a unique opportunity to volunteer your talents and partner with local efforts to help alleviate suffering wherever it occurs.

As part of that mission, the 2019 Humanitarian Health Conference provides a unique opportunity to refresh your soul and receive special resources to Equip. Connect. Go!

Join us to equip yourself with new expertise, to connect with a service organization of similar vision, and to create a personal plan to go and serve others.

Nicholas Comminellis, MD, MPH, DIMPH
President, Institute for International Medicine

About INMED

The Institute for International Medicine (INMED) exists to equip healthcare professionals & students with the unique skills necessary to effectively serve the world's most forgotten people. We are a global health training center that offers didactic instruction in the full range of global health topics via online, hybrid, and in-classroom courses. We also complement such instruction with supervised service-learning experiences for healthcare students and professionals at INMED Training Sites in low-resource countries.

Professional Certificate Courses

INMED Professional Certificate courses are a blend of online learning with face-to-face instruction. Each is fully accredited for CME and CE. INMED currently offers six comprehensive hybrid courses:

- Professional Certificate Course in International Medicine & Public Health
- Professional Certificate Course in International Nursing & Public Health
- Professional Certificate Course in International Public Health
- Professional Certificate Course in Ultrasound for Primary Care
- Professional Certificate Course in Helping Babies Breathe (HBB)
- Professional Certificate Course in Advanced Mother Baby Outcomes (AMBO)

Professional Diploma Programs

INMED Professional Diploma Programs combine a Professional Certificate Course with a supervised service learning experience at an INMED Training Site. Recipients of an INMED Professional Diploma will be prepared to lead comprehensive health promotion efforts in low-resource and cross-cultural contexts.

- Professional Diploma in International Medicine & Public Health (DIMPH)
- Professional Diploma in International Nursing & Public Health (DINPH)
- Professional Diploma in International Public Health (DIPH)

Visit the Prospective Learners page at inmed.us/prospective-learners/ to find the right track for you!

Continuing Education and Joint Providership

The Institute for International Medicine (INMED) itself delivers a variety of accredited continuing medical educational (CME) activities that provide *AMA PRA Category 1 Credits™*. INMED also provides joint providership to accredit CME activities that are hosted by other institutions. In this context, INMED is dedicated to facilitating innovative medical education that promotes evidence-based change, professional development, and improved patient outcomes.

Speakers

Nicholas Comminellis, MD, MPH, DIMPH

Dr. Comminellis is President of INMED and board certified in both public health and family medicine. Nicholas trained in tropical medicine at the Walter Reed Army Institute of Research, and served four years in Shanghai, China, and Angola, Africa. Today he teaches public health at the University of Missouri-Kansas City.

Debra Conley, PA-C

Debra Conley, PA-C graduated from Duke's Physician Assistant Program in 2006 and practices pediatrics and family medicine. Debra also volunteers at the Bread of Healing Clinic in Milwaukee, Wisconsin. She is actively involved with Hope Without Borders and Beacon of Hope - nonprofit organizations involved in healthcare and community development around the world. Her main passions are in maternal and child health. She has a Professional Certificate in International Medicine and Public Health from INMED, and is trained as a master trainer/facilitator for Helping Babies Breathe, and just recently completed certification programs in Child Survival and Maternal Health through USAID.

David Culpepepr, MD, FACP

Dr. Culpepepr is an internist at HopeHealth in Florence, South Carolina, where he also serves as Associate Faculty for the University of South Carolina School of Medicine. Dr. Culpepper is certified in echocardiography and internal medicine, and has provided volunteer medical services to marginalized people in Brazil, Peru, Bolivia, Romania, and Kenya.

Gary Cunningham, P.E.

Gary Cunningham, P.E. has a 30 year background as a design engineer for drinking water and wastewater systems. He is a professionally licensed engineer in Missouri and nationally. He is currently on staff as managing engineer at MU, and teach undergraduate and graduate level civil engineering classes.

Speakers

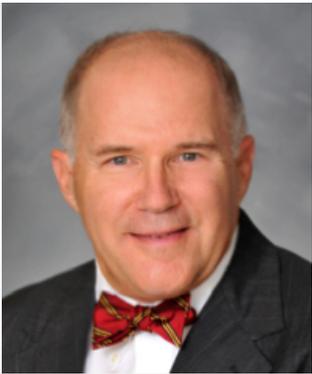

Micah Flint, MPA, RN, DINPH

Micah Flint, MPA, RN, DINPH is the Chief Innovations Officer for INMED. Micah's expertise is in the fields of humanitarian relief, innovative entrepreneurship, and public health. He is the co-author of *Disaster Response: Pocket Book for Volunteers*, *Overview of Disaster Management in Limited Resource Settings* and has presented at national conferences. He is the founder of the annual INMED Humanitarian Health Conference.

Peter Greenspan, DO

Peter Greenspan, DO is a native of Brooklyn, New York, and a graduate of the Chicago College of Osteopathic Medicine. Since 1997 this Board-certified obstetrician/gynecologist has instructed medical students and residents in the Kansas City area. Dr. Greenspan, a messianic Jew, is a recognized authority on subjects of apologetics, medical ethics, and human cloning.

Ted Higgins, MD

As a resident physician, Dr. Higgins served a three month surgical elective at Hospital Albert Schweitzer in Haiti where he was mentored by Dr. William Larimer Mellon. The experience proved pivotal for this young physician who, in addition to his private practice in the United States, has been providing surgical care in the Dominican Republic each year since 1995. Dr Higgins is the founder of the Higgins Brothers Surgicenter for Hope, located in Fonds-Parisien, Haiti.

Winston Manimtim, MD, FAAP

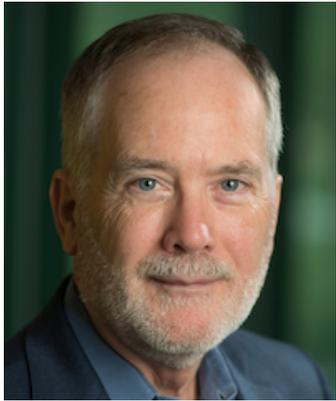

Dr. Manimtim's research focuses on chronic lung disease and its long-term respiratory and developmental outcomes, specifically those premature infants who developed severe bronchopulmonary dysplasia and dependent on mechanical ventilation at home.

Speakers

Sean Mark, MD, DIMPH

Sean is an Emergency Medicine Resident at the UMKC School of Medicine. He and his wife Kirsten have a passion to serve the forgotten people of the world by demonstrating the compassion of Jesus through mercy missions. Sean completed the DIMPH program through INMED in 2017 after serving in Honduras.

James Mtichum

Jim Mitchum has a record of building and leading pharmaceutical companies to success. He has lived and worked in the U.S., the U.K., Germany and Japan building successful businesses in the "for profit" world. In September 2014, Jim became the CEO of Heart to Heart International (HHI), a medical humanitarian NGO based in Lenexa, Kansas. Shortly after taking the helm of HHI, Jim spent nearly three months in Liberia helping establish the organization's first-ever Ebola Treatment Unit, and in September and October of 2017, Jim was in Puerto Rico with HHI disaster response clinical teams working in the central mountains. At the start of 2019, Jim launched a new start-up non-profit organization called RegaloRX that will bring high-cost pharmaceuticals to those unable to afford those medicines in the U.S. and territories. RegaloRX is a sister organization to HHI. Jim and his wife, Terry, live in Leawood, Kansas and is a member of the Kansas City Plaza Rotary Club.

Vydehi Murthy, MD

Dr. Murthy is a Neonatologist at the Pediatrix Medical Group of Kansas City, Saint Luke's Hospital. She is Board Certified by the American Board of Pediatrics and the American Board of Pediatrics - Subspecialty in Neonatal-Perinatal Medicine

Tim Myrick, MD

Dr. Timothy Myrick has lived and served for two decades with his family in the Muslim world, including locations in Sub-Saharan Africa, North Africa, Middle East, and the Horn of Africa. He is currently teaching family medicine at University of Missouri-Kansas City. He speaks in the U.S. and internationally.

Speakers

John Owen, MD, FACEP

John Owen is a board certified in emergency medicine and family medicine, Director of Level 2 trauma center emergency department, retired USAF flight surgeon, and Brigadier General. He served as the Director of Joint Staff and AMC/SG assistant overseeing casualty movement from Iraq and Afghanistan. He currently works trauma center shifts in addition to administrative duties.

Don Philgreen, MD

Don Philgreen, MD has been a family physician for 35 years and faculty member with the Research Family Medicine Residency since 1996. He is also medical director for the LIGHT House and Rachel House ministries that assist young women who are involved in crisis pregnancy. Don's medical experience includes four years service to the Pima and Papago on the Gila River Indian Reservation. In 2004 Don was named the Missouri Family Physician of the Year by the Missouri Academy of Family Physicians.

Greg Seager, MSN

Greg Seager is the CEO for Christian Health Service Corps. He is also the author of *When Healthcare Hurts: An Evidence Based Guide for Best Practices in Global Health Initiatives*. Greg holds a Masters in Nursing/ Healthcare Leadership and Management from George Washington University.

Minnette Son, MD

Minnette Son, MD is a Professor of Pediatrics in the Division of Critical Care, CMH, and UMKC. Previously at UTHSCSA, she was instrumental in the development of Pediatric Critical Care, the Pediatric Heart Center, and Community for Children. She has expertise in providing medical care with limited resources.

Speakers

Bruce Steffes, MD

Bruce Steffes, MD, MBA, MA, FACS, FWACS, FCS(ECSA) and FICS, is a surgeon, educator, and author with over 20 years of experience in global surgery. He has lived in culture shock and re-entry culture shock most of that time!

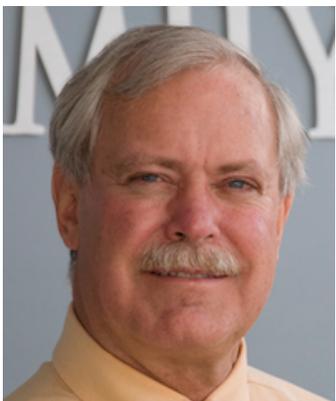

Samuel Todd Stephens, MD, DTM&H

Dr. Stephens is Director of the Post-Residency International Family Medicine Fellowship at Via Christi Medical Center in Wichita, Kansas. He served six years in Kenya and Rwanda. The fellowship he leads today is designed to equip physicians with the unique knowledge clinical skills necessary to serve effectively in developing countries.

Hayley Stolzle, MPH

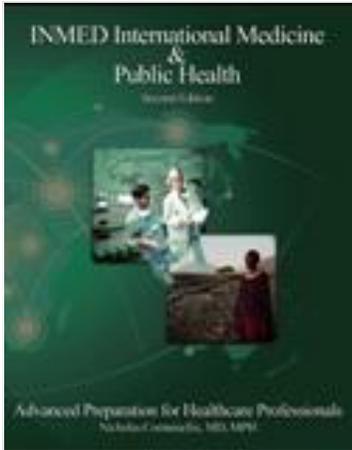

Hayley Stolzle, MPH has over ten years of experience in public health including experience in project management, health research, and health education initiatives in both clinical and community-based settings. Prior to her position with the CDC, Ms. Stolzle was a health promotion officer and health management capacity builder with the US Peace Corps in Tsabong, Botswana overseeing a national gender committee and multiple health education projects for the Kgalagadi South District Health Management Team.

Calvin Wilson, MD

Calvin Wilson, MD has been involved in international medical development and education in a variety of settings throughout his career, and nationally known as an educator in the field of global health. He is currently a clinical professor of family medicine and of public health of the University of Colorado Denver.

Exhibitors

101. Kansas Recruitment and Retention Center

www.ruralhealth.kumc.edu
srandolph2@kumc.edu

**Kansas Recruitment
& Retention Center**

The Kansas Recruitment and Retention Center (KRRC) is a centralized, statewide program specializing in health care workforce development, retention, and strategic planning. Since 2004, the KRRC has assisted more than 238 health care professionals with finding a job in a Kansas community. The KRRC offers free services to support health care providers throughout the job search process.

102. Christian Health Service Corps

www.healthservicecorps.org/
info@healthservicecorps.org

CHSC is a ministry of Christian doctors, health professionals and health educators serving the poor in places that have little or no access to healthcare. Each year, we bring compassionate, life-saving health services to hundreds of thousands of families around the world. Our long-term doctors and health professionals are often the only access to care for young families in poor communities.

103. Dignity:Liberia

www.dignityliberia.org
kathimgut@gmail.com

Dignity:Liberia is committed to bringing restoration and hope to women with fistula, and their communities, through healing, education, and prevention.

104. Health for India

www.healthforindia.us.com
hope@healthforindia.us.com

Health for India provides life-saving and holistic care to the impoverished rural communities of Northeast India through our hospital-Shanti Bhavan Medical Center, village clinics and camps, and community outreach programs.

Exhibitors

105. Docs Who Care

docswhocare.com
fkayakone@docswhocare.com

Docs Who Care partners with critical access hospitals, physicians, and advanced practice providers to provide emergency department staffing, as well as in-patient and clinic coverage throughout KS, MO, IA, NE, CO, WA and several Midwest states. With over 23 years of experience, Docs Who Care's highly successful practice model, creates stability, freedom and flexibility for its partners.

106. Heart to Heart International

www.hearttoheart.org
nachelle.kaughman@hearttoheart.org

Heart to Heart International strengthens communities through improving health access, providing humanitarian development and administering crisis relief worldwide. We engage volunteers, collaborate with partners and deploy resources to achieve this mission.

107. AmeriCares Medical Outreach

www.medicaloutreach.americares.org
mbateman@americares.org

AmeriCares Medical Outreach program supports medical professionals with free medicines and medical supplies for their international trips. We also provide educational and training resources through the Medical Outreach Exchange. The teams we support offer primary care, perform surgeries, respond to emergencies, and strengthen local health care in communities where health services are lacking.

108. Wheaton College Graduate School (M.A. in Humanitarian & Disaster Leadership)

www.wheaton.edu/graduate-school/
tara.song@wheaton.edu

The MA in Humanitarian & Disaster Leadership program seeks to equip leaders to lead with faith and humility, utilize evidence-based practice, and serve the most vulnerable and the Church globally. Our focus on faith-driven leadership, humanitarian and disaster preparation, and high-level scholarship will train you for a wide range of careers in humanitarian and disaster assistance related fields.

Exhibitors

109. Mercy and Truth Medical Missions

www.mercyandtruth.com
cynthia.moore@mercyandtruth.com

Stop by and visit our booth to find out what opportunities you can have to serve locally, nationally, and internationally in 2019. Our mission is to seek to meet the spiritual and physical needs of the world through health care and the Gospel.

110. GMMA Global Medical Missions Alliance

www.gmma7.org
admin@gmma7.org

GMMA-Global Medical Missions Alliance brings together Christian healthcare-oriented students and professionals serving together to promote healing for the physical and spiritual well-being of those we meet. Over 40 campus chapters in the US, Canada, and Australia. Gmma7.org

111. All God's Children

www.allgodschildrenkc.com
rchaney@allgodschildrenkc.com

Stop by if you are interested in doing medical missions in Africa. All God's Children is a Christian Organization that seeks ways to help people spiritually and physically through healthcare and other practical ways. Gary and Rachel Chaney from KCMO are missionaries to Zambia and are building the Murundu Mission Hospital of Hope. Come by and meet them!

112. Hope Family Care Center

www.hfckc.org
Tkettler@aol.com

Hope Family Care Center (HFCC) is a faith-based family medical practice providing quality primary healthcare in Kansas City Missouri's east side. All patients are welcome including the uninsured, those with insurance, Medicaid, or Medicare. Our desire is to give dignity and Jesus' love to our patients, and to contribute to health and stability in our community through accessible primary care providers. We also provide dermatology and dietary, as well as being a site for WIC one day a week.

Exhibitors

113. Hope Without Borders

www.hwb-intl.org
lance.parve@hwb-intl.org

Hope Without Borders is committed to bringing HOPE to communities in need by providing education, medical care, clean water, and sanitation. Our mission is to bring HOPE to the marginalized, least resourced, and least reached by holistic relief, development, and outreach.

114. Interserve USA

www.interserveusa.org
mary.elliott@interserveusa.org

Interserve is a community of Christian professionals. We use our skills creatively and intentionally to serve marginalized peoples in Asia and the Arab world. We long to see lives and communities transformed through encounter with Jesus and invest ourselves in humanitarian and capacity-building work. Our history in healthcare allows us to provide mentored internships for healthcare students.

115. Higgins Brothers Surgicenter for Hope

www.higginsbrothersurgicenter.org
Rebecca.shields490@gmail.com

The mission of Higgins Brothers Surgicenter for Hope is to address the critical shortage of surgical facilities and train surgeons and medical staff in Haiti through the volunteer efforts of surgeons and others, and by raising financial resources to develop a long-term solution.

116. Massachusetts General Hospital - Global Health, Global Disaster Response

globalhealthmgh.org
kgiambusso@partners.org

Massachusetts General Hospital (MGH) Global Disaster Response trains and deploys MGH clinicians and other key personnel to collaborate with partners in the field in order to fulfill our commitment to providing a professional response to those affected by disasters and emergencies around the globe.

Exhibitors

117. Team xtreme/YWAM

teamxtremeintl.com
kevinstark@hotmail.com

Creation is waiting. Nations are waiting. Our creator is waiting; for us to become who we are meant to be: a united church that disciples nations. We invite you to join us in this 1Nation1Day amazing mission opportunity in reaching the nation of Peru this June 20-30.

118. US Army Medical Recruiting

<https://recruiting.army.mil/mrb>
bethany.c.jones3.mil@mail.mil

"Here is your chance to be a part of a team that shares your commitment to teamwork and making a difference. Become a U.S. Army Health Care Professional and earn financial benefits and opportunities for repayment of qualifying school loans. You will have access to the most advanced training, treatments and technology. To learn more, visit <https://recruiting.army.mil/mrb> or call 913-496-1702."

119. Blessings International

www.blessing.org
lberry@blessing.org

Our mission is to heal the hurting, build healthy communities, and transform lives. We accomplish this by facilitating medical missions primarily in developing nations by serving as a source of pharmaceuticals, vitamins, and medical supplies for medical mission teams, clinics, and hospitals.

120. INMED - Institute for International Medicine

www.inmed.us
office@inmed.us

The Institute for International Medicine (INMED) exists to equip healthcare professionals and students with the unique skills necessary to effectively serve the world's most forgotten people. We offer didactic instruction in the full range of global health topics via online, hybrid, and in-classroom courses. We also complement such instruction with supervised service learning experiences for healthcare students and professionals.

Continuing Education

Certificate of Completion

A certificate of completion is provided to all participants upon request via the activity evaluation form. It is the responsibility of the individual to submit their certificate of completion and supporting documentation (if applicable) to their required oversight board for credit.

Planning Committee Disclosures

Micah Flint, MPA, RN, DIMPH	INMED	Nothing to Disclose
Nicholas Comninellis, MD, MPH, DIMPH	INMED	Nothing to Disclose
Elizabeth Burgos, MPA	INMED	Nothing to Disclose
James F., RN, MSN, DINPH	INMED	Nothing to Disclose
Don Philgreen, MD	Research Family Medicine Residency	Nothing to Disclose

Objectives: *Not all presentations are accredited for continuing education. Please see the agenda for those presentations marked as not being accredited.*

At the completion of this activity, I am able to:

- Review evidence-based clinical assessment and disease management practices in limited resource settings.
- Demonstrate IO access and fluid resuscitation in pediatric patients through simulation.
- List priorities of triage in low resource settings.
- List steps to assessing and managing wound and burn care in limited resource settings.
- Demonstrate evidence-based laboring and neonatal care in limited resource setting during skills station.
- Discuss W.A.S.H strategies in reducing waterborne illnesses.
- Describe strategies to crossing cultures.
- List steps to develop partnerships in communities that promote health improvement.
- Discuss international health careers.
- Demonstrate injury care through casting and splinting during hands-on skills station.
- Review the implementation steps of the SPHERE Handbook in humanitarian health activities.
- Discuss professional resilience and self-compassion when working in resource limited settings.
- Demonstrate the following during conference simulation:
 - Evidence-based clinical practice
 - Professionalism
 - Team work
 - Communication

Accreditation Statement

Institute for International Medicine is accredited by the Missouri State Medical Association to provide continuing medical education for physicians. The Institute for International Medicine designates this live activity for a maximum of 8.75 AMA *PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Desirable Physician Attributes:

ACGME/ABMS: Patient Care & Procedural Skills; Medical Knowledge

IOM: Provide Patient-Centered Care; Work in Interdisciplinary Teams; Employ Evidence-Based Practice

IEC: Value/Ethics for Interprofessional Practice; Roles/Responsibilities; Interprofessional Communication; Teams and Teamwork

Nursing

Institute for International Medicine is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

MW MSD Provider Approval # MO620-2

Contact hours: 8.75

No commercial support received. No relevant financial relationships with ACCME - defined commercial interests for anyone who was in control of the content of this activity.

There is no conflict of interest for anyone with the ability to control the content of this activity.

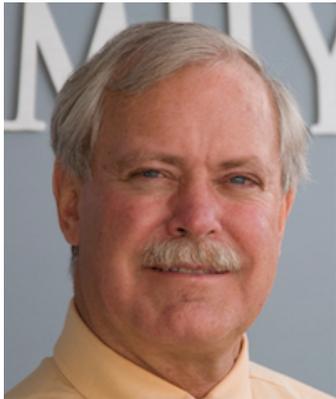

Successful completion of this activity requires:

- Check-in both days.
- Attendance to the presentations you self-selected (not all presentations offer CE). Partial credit is available.
- Participation through discussion, questions, and hands-on activities.
- Completion of conference evaluation and credit claims form.
- Completed check-off (if applicable).

2019 Awards

Professionals who serve forgotten people inspire their colleagues toward similar service. INMED is pleased to celebrate this tradition by announcing the recipients of the 2019 INMED Awards at the Humanitarian Health Conference.

INMED International Healthcare Preceptor Award

Calvin Wilson, MD

The 2019 INMED International Healthcare Preceptor Award recipient is Calvin Wilson. Dr. Wilson served as Director of the Center for Global Health at University of Colorado Denver. His leadership includes collaborations for primary healthcare and health systems development in Ghana, Peru, Indonesia, and Albania. Most significantly, Dr. Wilson guided USAID and CDC collaborative projects to train family physicians in Rwanda and established the first family medicine training program in Ecuador. In the Middle East, Dr. Wilson joined with the Jordan Medical Council to develop a national continuing education program for primary care physicians. In 2003, Dr. Wilson was awarded the Smilkstein Award in International Family Medicine of the Society of Teachers of Family Medicine, and in 2005, the Humanitarian of the Year Award of the American Academy of Family Physicians.

INMED Cross-Cultural Healthcare Leadership Award

Judy LeMaster, RN

The 2019 INMED Cross-Cultural Healthcare Leadership Award recipient is Judy LeMaster. Judy LeMaster is a registered nurse raised in London, England, and educated at Westminster Hospital and the Liverpool School of Tropical Medicine. Skilled in midwifery and fluent in the Nepali language, Judy and her husband Joe LeMaster lived in Nepal from 1990-2000, serving at Okhaldhunga Hospital, the only medical care facility for 300,000 people, where they promoted maternal-child health. Judy also served at Nepal's Amp Pipal Hospital as a nursing supervisor, alongside a newly appointed Nepali nursing superintendent. More recently, Judy aids Bhutanese refugees resettled in the Kansas City area, teaching English as Second Language (ESL) in association with Mission Adelante, and has led healthcare teams to Nepal, where her cultural expertise facilitates their effective service.

2019 Awards

INMED Comninellis Award for Compassionate Service to Humanity

Don Philgreen, MD

The 2019 Comninellis Award for Compassionate Service to Humanity recipient is Don Philgreen. His healthcare career of over fifty years began at the University of Chicago School of Medicine followed by a rotating internship at St. Luke's Hospital in Kansas City. Dr. Philgreen's first service was two years with the Indian Health Service on the Gila River Indian Reservation in Arizona. He served in private practice in Ottawa, Kansas before becoming the medical director for the Light House and Rachel House crisis pregnancy ministries. Dr. Philgreen began sharing his vision and skills in 1996, joining the faculty at Research Family Medicine Residency where he continues to teach. In 2004 he was named the Missouri Family Physician of the Year by the Missouri Academy of Family Physicians and was a runner-up in the American Academy of Family Physicians' Physician of the Year.

*Interested in Healthcare Missions?
Healthcare Ministry is our calling!*

HEALTHCARE FOCUSED

Christian Health Service Corps is the only long term missionary sending organization designed for healthcare professionals.

MISSIONARY DIRECTED

We exist to serve and support you in your mission, where you feel called; there are hundreds of facilities and programs that need your help.

DISCIPLESHIP CENTERED

Christ centered pre-field preparation customized for missionary health professionals. We understand the challenges of healthcare ministry.
